THE DAILY CRITIC BASEBALL GOSSIP

SUNDAY PLAYING TO BE INAUGU-RATED TO-MORROW,

THE OPPOSITION OF THE AUTHORITIES

President Hewett Determined to Have the Game---The Commissioners Declare It Will Be Stopped.

The Washingtons lost another game resterday through the wildness of Daniels, who sent eight men to bases on halls, and the inability of the men to do any sort of hitting. In fact, the game of both sides was characterized by light batting and excellent fielding. Sullivan made a change in the com

position of the team yesterday by put-ting Bird behind the bat, playing Rid-dle at second, and Underwood in the field. Riddle played second admirably, accepting all the chances offered him, and making two of the five hits made by his side. Gleason and Whistler were the only men to make errors, one being charged against each of them. Sulli-van's men will play again to day in Newark, and then come home for a long series of games on the home grounds, eginning to-morrow.
It was a pity Washington could not

have wen yesterday and crawled up a little, as both the leaders, New Haven and Baltimore, lost. However, the club is but a few games behind, and it ought to resume its old position at the head of the line by the time the coming eries on the home grounds is com-

SUNDAY BALL PLAYING. The first Sunday game to be played in this city will take place at Atlantic Park to morrow, and from present appearances, there is likely to be some interesting developments. The Comparison of the content of the cont missioners declare the game shall not be played, if it is necessary to detail the entire police force to prevent it.

On the other hand, President Hewett, having been advised by one of the best posted lawyers in the city, regarding District laws, that it is legal, is deter-mined that it shall be played. Mr. Harry E. Davis, formerly assistant Disthe Commissioners, has informed M. Howett that there is no law to prevent the game, and if it is prevented by force that the District will be made

liable to a soit for damages.
It is generally conceded that the only way in which the law can reach the baseball officials is to have the residents lying in the neighborhood of the park blect to it as a nuisance. But before make a complaint, and in order to do this a game would have to be played. President Hewett declares that the se, and the speciators will be asked to pplated as little as possible. In this

nt there will be nothing on which neighbors can have a complaint. No maiter how the game comes out te is no doubt but that President swell and others of the management will be arrested and the matter brought to a test in the Police Court. In that scul a decidedly interesting case will ollow, in which the privileges of other

people to conduct business on Senday will figure very prominently.
